

Project Design Phase-II

Solution Requirements (Functional & Non-functional)

Date	18 June 2026
Team ID	
Project Name	Online Complaint Register
Maximum Marks	4 Marks

Following are the functional requirements of the proposed solution:

Functional Requirements

FR No.	Functional Requirement (Epic)	Sub-Requirement (Story / Sub-Task)
FR-1	User Registration	- Registration through Form - Registration through Gmail - Registration through LinkedIn
FR-2	User Confirmation	- Confirmation via Email - Confirmation via OTP
FR-3	Complaint Management	- Submit complaint with category and description - Track complaint status - Edit or withdraw complaint
FR-4	Admin & Agent Dashboard	- Assign complaints to agents - Monitor resolution progress - Generate reports and analytics

Following are the non-functional requirements of the proposed solution:

 Non-Functional Requirements		
NFR No.	Non-Functional Requirement	Description
NFR-1	Usability	Interface should be intuitive, responsive, and accessible across devices.
NFR-2	Security	Implement JWT authentication, encrypted data storage, and role-based access control.
NFR-3	Reliability	Ensure consistent performance with proper error handling and backup mechanisms.
NFR-4	Performance	Optimize API calls and database queries to maintain fast response times.
NFR-5	Availability	Maintain 99% uptime through cloud deployment and load balancing.
NFR-6	Scalability	Support increasing user load and expansion to multiple departments or cities.
